

LONGSHORE SURGERIES

FLU VACCINATION CLINICS 2019

The Practice would like to inform patients that we will NOT be sending out individual vaccination invites.

If you fall within the criteria listed below, you will be eligible to have the flu vaccination.

Aged 65+ (or 65 as of 31.03.2019), pregnant, on chronic disease register for heart, kidney, liver, stroke or diabetes, have a chronic respiratory disease, dysfunction of the spleen, immunosuppressed or undergoing chemotherapy treatment, carer in receipt of carers allowance or main carer of elderly/ disabled person.

Children aged 2,3 years old and under 18 years at risk, will be contacted separately to have the nasal vaccination in surgery.
